ANNUAL REPORT

OF

THE FIRE MARSHAL

FOR THE PROVINCE

OF

NEW BRUNSWICK

Statistics 1976

HONOURABLE RODMAN E. LOGAN, Q. C.
Minister of Labour and Manpower
Province of New Brunswick

104-01526/

Sir:

Pursuant to Section 5 Fire Prevention Act, R.S.N.B. Chapter F-13, 1973, I have the honour to submit the Annual Report of the Fire Marshal for the year ending December 31, 1976.

The breakdown of losses by cities, towns, villages and rural areas (counties) is clearly shown in Table 1, the Per Capita Loss, Provincial, City, Town and Rural areas in Table No. 6.

Table No. 1 - Fires and losses by location or place
Table No. 2 - Analysis of causes
Table No. 3 - Property Classification
Table No. 4 - Summary of causes and occupancies
Table No. 5 - Comparable losses years 1974, 75, 76
Table No. 6 - Municipal per capita losses
Table No. 7 - Ten year loss figures
Table No. 8 - Major fires $50,000 and over
Table No. 9 - Petty losses $25.00 or less
Table No. 10 - Fatalities and persons injured
Table No. 11 - Summary of inspections by counties

The monetary losses for the year 1976 show a marked decrease from the losses of the previous year. If we study Table No. 8 we will note that we did not have a loss over a million dollars during the year 1976 and in the year 1975 we had three fires each of which went beyond the one million dollar mark. The loss of life caused by fire has increased by one only; the number of persons injured remained the same. All of the loss of life took place in the homes.

During the year 1976 our inspection work was stepped-up somewhat, a total of 2,364 fire inspections were carried out as compared with 1,868 for the year 1975, however, we did show a drop in our fire investigation work in that in 1975 we conducted 108 fire investigations as compared to 59 for 1976. I am a bit concerned with the lack of fire investigation work being done, all of which is caused by the heavy demand being made on our Fire Prevention Officers for inspections of various occupancies.

The year 1976 saw some change in the staff of the Fire Marshal's Office as follows: Mr. Arthur Mirthes resigned his position effective September 1, 1976 to further his studies leaving the position of Fire Prevention Officer in the Fredericton area vacant. Mr. F. J. Michaud replaced Mr. R. J. Gervais as Fire Prevention Officer for the Edmundston Office effective November 8, 1976. We are being assisted at the moment by Mr. Medley Carr, formerly employed as a Mobile Homes Inspector on a part-time basis as Special Assistant to the Fire Marshal.

The Fire Fighters' Training Program has had a very good year and the results are certainly showing themselves very much in the training that is going on at local level. Our Supervisor of Training and Fire Prevention Education, Mr. Charles MacDonald has done a very good job and 1977 has started off very well. During the year 1976 we completed the organizing of the province into Fire Fighters' Associations. We presently have eight such associations, all of which are quite active and it is assisting greatly in our fire fighters' training work.

The year 1976 showed a marked increase in the number of new fire departments being organized and we owe a great deal to the Municipal Services Branch of the Department of Municipal Affairs for the very fine cooperation and assistance given us in encouraging such activities and for the guidance which they are giving the municipalities in the financing of such equipment. It is estimated that in 1977 we could have as many as 10 new pieces of fire fighting equipment in use in the province.

New construction has continued in the province. During the year 1976 481 sets of plans of new buildings were examined by our Plans Examining Technician.

The usual number of seminars and workshops were organized and attended by the staff. As Fire Marshal I attended the annual meeting of the Association of Canadian Fire Marshals and Fire Commissioners and I was also appointed Chairman of the Standing Committee on the revisions to Part 4 of the National Fire Code dealing with flammable and combustible liquids. It has been a very full year for the members of the staff and very rewarding in many ways.

In conclusion, Sir, I wish to express appreciation of the support and cooperation received from all government departments, insurance companies, insurance adjusters, Fire Crime Prevention Bureau, the Insurance Advisory Organization, New Brunswick Branch, the Royal Canadian Mounted Police, who contribute so much to our work, the Municipal Police Forces, who assisted us greatly, all Administrators of our hospitals, nursing homes and homes for the aged, school boards and all others with whom we have had the pleasure to associate. The cooperative relations existing between this department, Fire Chiefs and members of their fire departments continued throughout the year and I trust will continue in the future.

To my loyal staff I extend my sincere thanks for a job well done. The year has been a busy one and we shall continue to strive to make the year ahead a better one in all facets of our work.

I have the honour to be,
Sir,
Your Obedient Servant

H. J. Fournier
Fire Marshal

Fredericton, N. B.
March 14, 1977

L'HONORABLE RODMAN E. LOGAN, C.R.
Ministère du Travail et de la Main-d'oeuvre
Province du Nouveau-Brunswick

Monsieur,

Suivant l'article 5 de la Loi sur la prévention des incendies, S.R.N.B., chapitre F-13, 1973, j'ai l'honneur de vous soumettre le rapport annuel du prévôt des incendies pour l'année se terminant au 31 décembre 1976.

L'état détaillé des pertes par ville, villages et régions rurales (comtés) est clairement présenté au Tableau 1, les pertes per capita pour la province, les villes, villages et localités rurales apparaissent au tableau 6.

Tableau 1 - Incendies et pertes par endroit ou lieu
Tableau 2 - Analyse des causes
Tableau 3 - Classification des propriétés
Tableau 4 - Résumé des causes et des genres de bâtiments
Tableau 5 - Etat comparé des pertes pour 1974, 1975, 1976
Tableau 6 - Pertes municipales per capita
Tableau 7 - Chiffres de pertes pour dix ans
Tableau 8 - Incendies importants, $50,000 et plus
Tableau 9 - Pertes sans importance, $25.00 ou moins
Tableau 10 - Mortalités et personnes blessées
Tableau 11 - Résumé des inspections par comté

En 1976, les pertes en argent ont fortement baissé par rapport à l'année précédente. Si nous étudions le tableau 8, nous verrons qu'aucun incendie n'a causé des dommages d'une valeur dépassant le million de dollars en 1976 alors qu'en 1975 trois incendies dépassaient ce montant chacun. Il n'y a eu qu'une victime d'incendie de plus; le nombre de personnes blessées est demeuré le même. Toutes les mortalités ont été causées par des incendies d'habitations.

Au cours de l'année 1976 nous avons effectué davantage d'inspections soit 2,364 comparativement à 1,868 en 1975. Mais, les enquêtes en ce qui concerne les incendies ont diminué, 108 en 1975 et 59 en 1976. Je suis quelque peu préoccupé par le petit nombre d'enquêtes menées mais les préposés à la prévention des incendies doivent répondre à une grande demande d'inspection de divers bâtiments.

Le bureau du prévôt des incendies a subi quelques changements au cours de l'année: M. Arthur Mirthes a donné sa démission afin d'aller poursuivre ses études. A compter du 1er septembre 1976, le poste de préposé à la prévention des incendies dans la région de Fredericton est donc devenu vacant. Le 8 novembre 1976, M. F.J. Michaud a remplacé M. R. J. Gervais à titre de préposé à la prévention des incendies dans la région d'Edmundston. M. Medley Carr, ancien inspecteur des maisons mobiles, est actuellement, à temps partiel, adjoint spécial du prévôt des incendies.

Le programme de formation des pompiers a bien fonctionné cette année et la formation au niveau local est assurément un indice des bons résultats obtenus. Le surveillant de la formation et de l'enseignement de la prévention des incendies, M. Charles MacDonald a fait un excellent travail et l'année 1977 s'annonce bien. En 1976 nous avons terminé l'organisation d'Associations de pompiers. Nous avons huit associations, toutes très actives, ce qui aide beaucoup le travail de formation des pompiers.

En 1976, le nombre de services de lutte contre les incendies a augmenté et ce grâce à la collaboration et à l'aide de la Direction des services municipaux du ministère des Affaires municipales qui a encouragé la création de telles activités et a donné des conseils aux municipalités sur le financement de ces services. Nous prévoyons qu'en 1977, nous aurons 10 nouvelles pièces d'équipement de lutte contre les incendies dans la province.

La construction s'est poursuivie dans la province. Au cours de l'année 1976, 481 plans de bâtiments ont été étudiés par le technicien de l'étude des plans.

Le personnel a assisté au nombre habituel de séminaires et d'ateliers de travail. A titre de prévôt des incendies, j'ai assisté à la réunion annuelle de l'Association canadienne des prévôts et commissaires des incendies et j'ai été nommé président du comité permanent chargé de la révision de la 4e partie du Code national des incendies, partie qui traite des liquides inflammables. Somme toute, l'année a été assez fructueuse pour les membres du personnel.

En terminant, monsieur l'Orateur, je voudrais remercier tous les ministères du gouvernement, les compagnies d'assurance, le groupement technique des assureurs du Canada, chapitre du Nouveau-Brunswick, la Gendarmerie Royale du Canada qui nous ont beaucoup aidé, les corps policiers municipaux, les administrateurs d'hôpitaux, foyers de soins et hospices, les conseils scolaires et tous ceux avec qui nous avons eu le plaisir de travailler. Les bonnes relations de travail qui existent entre le ministère, les chefs de pompiers et les membres des services de lutte contre les incendies se sont maintenues et j'espère que cette situation ne changera pas à l'avenir.

Je remercie mes employés fidèles pour leur bon travail. L'année a été bien remplie et nous poursuivrons nos efforts afin que l'année à venir soit encore meilleure pour tous les aspects de notre travail.

J'ai l'honneur d'être,
Monsieur,
Votre dévoué serviteur

H. J. Fournier
Prévôt des incendies

Fredericton, N.-B.
le 14 mars 1977
